

Install guide for Amazon Fire Stick

How to connect an amazon fire stick to your Bathroom TV

Step 1.

Locate the WaterVue tv and the Amazon fire stick

Step 2.

Turn the TV around (screen facing down) and unscrew all 5 screws.

Step 3.

Take the Amazon fire stick and insert it to any of the two HDMI ports (HDMI extender required if installing into a 19" Bathroom TV) on the back of the WaterVue TV. Then take the USB power lead for the fire stick and connect the USB to the USB port and the charger end onto the fire stick. Once complete insert the power cable and close the unit back up.

When the WaterVue TV is powered up press input and select the HDMI option you have put the Amazon Fire Stick into.
